- (a) CorVel shall be the exclusive provider of a Pharmacy Program inclusive of a PBM and a Provider Network representing Participating Pharmacy Providers that are obligated upon and after identification of a participant within CorVel's PBM to:
 - i. Accept a contracted rate, and
 - ii. Apply mandated processes and CorVel's Formulary and Concurrent Drug Utilization Review program at point-of-service before dispensing prescribed medications.
- (b) In addition, CorVel provides pharmacy audit, review and payment services.

II. DEFINITIONS.

- (a) "AWP" shall mean the Average Wholesale Price for a Brand or Generic Drug Product. CorVel bases Customer pricing off of the reported AWP value from Medi-Span and the date of service.
- (b) "AWP Discount" shall mean the PBM discounts CorVel applies, per Customer's negotiated rates, to Covered Brand and Generic Drug Products, Compound Drugs and Specialty Meds.
- (c) "Brand Drug" shall mean a Covered Drug defined as a brand name drug in PBM proprietary Generic Code Conversion ("GCC") logic. In the adjudication process, CorVel applies Customer's negotiated Brand Drug discount rate to the AWP value of Covered Brand Drugs.
- (d) "Compound Drugs" shall be systematically identified when processing through the PBM via the Formulary. In the adjudication process, Compound Drugs require Customer's approval, and are priced at the lessor of:
 - i. Customer's AWP Discount pricing by ingredient plus the dispensing fee, or
 - ii. CorVel's Acquisition Price plus a management and dispensing fee.
- (e) "Concurrent Drug Utilization Review" ("DUR") shall mean the algorithm systematically applied at a Participating Pharmacy before dispensing that considers the Presenting Drug's safety and efficacy in context with other drugs that have been dispensed. In addition, the algorithm includes applicable protocols and guidelines based on the Presenting Drug and specific claim history, such as the time period from the last fill of the same Drug.

This document contains confidential and proprietary information of the Parties and may not be disclosed or duplicated without the prior written consent of the Parties.

- (f) "Covered Drug" shall mean the Drug Product that is processed through CorVel's PBM.

- (h) "First Fill" shall mean a prescription filled by a Participating Pharmacy for a limited supply of Covered Drugs for a claim that is not, at the time, eligible. First Fill transactions follow CorVel's First Fill Formulary. Customer is responsible for payment of drug charges processed through its First Fill Program; CorVel assumes no liability.
- (i) "Formulary" shall mean drug/drug class and brand/generic specific triggers systematically applied at a Participating Pharmacy before dispensing a Presenting Drug that prompts the pharmacy through its adjudication system to either: dispense the Presenting Drug, convert from brand to generic, attain approval to dispense, or deny the Presenting Drug outright.
- (j) "Generic Drug" shall mean a Covered Drug, whether identified by its chemical, proprietary, or non-proprietary name, that (i) is accepted by the FDA as therapeutically equivalent and interchangeable with drugs having an identical amount of the same active ingredient; and (ii) defined as a generic drug in PBM proprietary Generic Code Conversion ("GCC") logic. In the adjudication process, CorVel applies Customer's negotiated Generic Drug discount rate to the AWP value of Covered Generic Drugs. Notwithstanding the foregoing, for Single Source Generic Drugs, Customer's Brand Drug AWP Discount may be applied.
- (k) "GCC" refers to PBM proprietary Generic Code Conversion logic. GCC logic converts Medi-Span codes to the brand and generic codes used for claims adjudication.
- (l) "Good Samaritan (Emergency) Fill" shall mean a limited supply of Covered Drugs that are outside of the Formulary and typically dispensed outside of normal business hours (overnight, weekends or holidays) by a Participating Pharmacy without Customer's or CorVel's approval in order to meet, in the pharmacist's professional judgment, an immediate or urgent need. Customer is responsible for payment of drug charges processed through Good Samaritan Fills; CorVel assumes no liability.
- (m) "Mail Order Program" or "Home Deliver Program" shall mean the managed program from which Covered Drugs are dispensed and billed through CorVel's PBM. - (n) "Multi Source Brand" shall mean a Covered Drug specified as a brand name drug available from more than one manufacturer as determined by CorVel primarily using a combination of data fields provided to CorVel by Medi-Span (or another nationally

- (o) "Multi Source Generic" shall mean a Covered Drug specified as a multi source generic drug as determined by CorVel primarily using a combination of data fields provided to CorVel by Medi-Span (or another nationally available reporting source that may be selected by CorVel). - (p) "PBM" shall mean Pharmacy Benefits Manager. CorVel performs as the PBM on behalf of its Customers.

CorVel's Acquisition Price reflects CorVel's cost of the Covered Drug plus a processing and management fee of 10%.
- (s) "Single Source Brand" shall mean a Covered Drug specified as a brand name drug available from only one manufacturer as determined by CorVel primarily using a combination of data fields provided to CorVel by Medi-Span (or another nationally available reporting source that may be selected by CorVel). - (t) "Single Source Generic" shall mean a Covered Drug as determined by CorVel that may not have been purchased by pharmacies at standard Multi Source Generic Drug rates because of limited manufacturers, limited supply or exclusivity rights. In the adjudication process, Customer's Brand Drug AWP Discount value may be applied to Single Source Generic Drugs.
- (u) "Specialty Medications" shall mean certain pharmaceuticals, biotech or biological drugs, that are Covered Drugs used in the management of chronic or genetic disease, including but not limited to, injectable, infused, or oral medications, or products that otherwise require special handling. In the adjudication process, Customer's approval is required, and Customer's Brand Drug AWP Discount value and dispensing fee is applied irrespective of the Presenting Drug's GCC (Generic Code Conversion) status.
- (v) "State Fee Schedule AWP Value" shall exclusively mean the value of a Covered Drug calculated under an applicable state's posted AWP fee schedule's Brand and Generic Drug multipliers (AWP value plus/minus the listed percentages) and the state's posted dispensing fee. For PBM pricing, CorVel does not honor any other values or indices that may apply under an applicable state's fee schedule.

III. DELIVERY OF SERVICES.

- (a) CorVel shall provide its Pharmacy Program's PBM and Network for the benefit of Customer.
- (b) Eligibility, First Fill, Pharmacy Identification (ID) Cards, and Mail Order/Home Delivery.

Pharmacy ID cards contain the necessary data elements to enable a Participating Pharmacy provider to electronically process through and transmit claim data to CorVel's PBM. The electronic transmission that occurs at the point of sale is required for application of Formulary, Concurrent Drug Utilization Review and contractual pricing.

- i. Customer agrees to promptly provide CorVel all information needed to produce and distribute Pharmacy ID cards to Eligible Claimants. Eligible Claimant information may include, but is not limited to, claimant name, address, social security number, cell phone number, home phone number, and email address.
 - ii. Subject to applicable law, Customer shall require Eligible Claimants to use the Pharmacy ID cards at participating network providers in order to facilitate the Pharmacy Program. Also, Customer agrees to require the use of pharmacy network participating providers to Eligible Claimants as appropriate.
 - iii. Distribution of Pharmacy ID cards does not guarantee that Pharmacy ID cards will be appropriately utilized by Eligible Claimants or Participating Pharmacies; therefore, Customer understands that claims assigned by Pharmacies to third party billers or paper bills submitted by the Pharmacies are not adjudicated through the prospective PBM.
 - iv. CorVel, at its sole expense, agrees to produce and distribute Pharmacy ID cards to Eligible Claimants upon receipt of all necessary Eligible Claimant information from Customer. CorVel will also send an introduction letter to the Eligible Claimant along with the Pharmacy ID card.
 - v. At the initial stage of injury, a claimant may be issued a temporary Pharmacy ID (First Fill) card or processing data may be shared with the dispensing pharmacy for an initial, one (1) time purchase of a pharmaceutical product with a recommended course of no longer than fourteen (14) days, or such days limit as established by Customer.
 - vi. CorVel will provide access for Eligible Claimants to the PBM Mail Order Program. CorVel will work with Customer to establish the parameters of the Mail Order Program and the process which will be utilized to encourage Eligible Claimant use of the Mail Order Program.
- (c) CorVel's PBM will present and tailor a proprietary Formulary to Customer. Upon presentation of identification to a Participating Pharmacy, the Formulary will trigger the Participating Pharmacy's adjudication system to either:

This document contains confidential and proprietary information of the Parties and may not be disclosed or duplicated without the prior written consent of the Parties.

- i. Automatically dispense certain medications,
- ii. Attain Prior Authorization (PA) approval from CorVel to dispense, or
- iii. Deny the medications outright.

In addition to Customer's Formulary, Claimant Level Formularies can be built at the claim level upon Customer's request.

- (d) CorVel's PBM will implement a Concurrent Drug Utilization Review ("DUR") program on behalf of Customer, with permitted program edits as directed by Customer. Concurrent DUR includes a review of the drug history at the time the prescription is presented. Absent Customer's directions, DUR shall be performed in accordance with CorVel's PBM's standard service model.

IV. BILLING AND PAYMENTS OF PHARMACY PROGRAM.

- (a) Financial obligations of parties.
 - (a) Customer shall be financially responsible for all drug charges incurred by claimants for dispensed medications processed under CorVel's PBM. CorVel assumes no liability for drug charges with the exceptions noted below in subsection iii.
 - (b) If Customer determines, upon receipt of CorVel's PBM invoice, that specific formulary and non-formulary drugs should not have been dispensed, Customer should inform the PBM as soon as possible.
 - The PBM will request a reversal from the Participating Pharmacy. If granted, CorVel will reverse the drug charges, however, if the Pharmacy does not grant the PBM's request, Customer is responsible for payment of the drug charges; CorVel assumes no liability for drug charges with the exceptions noted below in subsection iii.
 - Upon Customer's request, CorVel's PBM will include the specific prohibition triggering the request for the reversal in the Claimant Level Formulary so that the Claimant Level Formulary will block subsequent re-fills from processing.
 - (c) Within five (5) days of receipt of an invoice, Customer may dispute charges for drugs that were dispensed in error, triggering CorVel's PBM to reverse the drug charges, by notifying CorVel for any of the following reasons:
 - CorVel's PBM and/or the Participating Pharmacy's violation of Formulary or Utilization Review Parameters set forth in Customer's DUR program, or in the Claimant Level Formulary; or

- Duplicate or inadvertent entries or other clerical mistakes on a PBM invoice.
- (b) Invoicing and Payment.
- i. On a per Covered Drug basis and directly to the claim file, CorVel will invoice Customer daily for all drug charges and fees related to the PBM.
 - ii. CorVel shall invoice and bill directly all prescription fees to the specific claims file.
- (c) CorVel uses the Medi-Span AWP at pre-settlement levels. To maintain pricing neutrality CorVel applies the established multiplier to impacted Covered Drugs.
- (d) Relative to state pharmacy fee schedules, CorVel will apply the lesser of Customer's negotiated PBM AWP Discount rate or the applicable State Fee Schedule AWP Value with one exception: to the extent that the State Fee Schedule AWP Value in any state is less than CorVel's Acquisition Price, CorVel will apply its Acquisition Price.
- (e) Relative to Customer's negotiated PBM AWP Discount rates, CorVel will apply the negotiated rates unless the following exceptions apply:
- i. CorVel applies CorVel's Acquisition Price on transactions for which Customer's negotiated PBM AWP Discount rate is lower than CorVel's Acquisition Price.
 - ii. Compound Drugs and Specialty Medications are priced per Definition subsections (d) and (u).
- (f) Both parties understand that pricing indices historically used (including under this Agreement) for determining the financial components of pharmacy billing rates are outside the control of CorVel and Customer. The parties also understand there are extra-market industry, legal, governmental and regulatory activities which may lead to changes relating to, or elimination of, these pricing indices that could alter the financial positions and expectations of both parties as intended under this Agreement.

Both parties agree that, upon entering into this Agreement and thereafter, their mutual intent has been and is to maintain pricing neutrality as intended and not to benefit one party to the detriment of the other. Accordingly, to preserve this mutual intent, if pricing neutrality does change and CorVel undertakes any or all of the following:

- i. Changes the AWP source, or other source if AWP is not applicable, across its book of business (e.g., from Medi-Span to First Databank); or
- ii. Maintains AWP, or other source if AWP is not applicable, as the pricing index with an appropriate adjustment in the event the AWP, or other,

methodology and/or its calculation is changed, whether by the existing or alternative sources; or

- iii. Transitions the pricing index from AWP, our other source if AWP is not applicable, to another index or benchmark (e.g., to Wholesale Acquisition Cost);

Customer's negotiated PBM pricing will be modified as reasonably and equitably necessary to maintain the pricing intent under this Agreement.

SCHEDULE 8B

Medicare Agent Services Terms and Conditions

I. DESCRIPTION OF OTHER SERVICES

- (a) In order to assist Customer, as a Responsible Reporting Entity ("RRE"), in complying with the mandatory quarterly electronic reporting requirements issued by the Centers for Medicare/Medicaid Services ("CMS") under the Medicare/Medicaid and S-CHIP Extension Act of 2007, Section 111 (the "Act") regarding certain injured parties who are Medicare Beneficiaries, CorVel provides Medicare Agent services as described below subject to the provisions of the final regulations to be issued by CMS.

II. DESCRIPTION OF MEDICARE AGENT SERVICES

- (a) Upon designation as Customer's Medicare Agent, CorVel shall provide Customer assistance with Customer's registration as a Responsible Reporting Entity ("RRE") within the statutory timeframes required by CMS under the Act.
- (b) CorVel and Customer will establish an electronic data interface to facilitate the exchange of specific claims data (via a multi-line claim feed layout) required to be reported to CMS under the Act; thereafter, as Customer's designated Medicare Agent, CorVel will initiate a test file interface with CMS within the statutory timeframes required by CMS under the Act.
- (c) Upon successful completion of the test file interface, CorVel will commence an ongoing monthly query process on behalf of Customer where CorVel will transmit through the CMS Query Tool certain basic claims data elements (claimant name, social security number, date of birth and gender) on all of Customer's open medical claims for CMS to determine if such claim data elements match a valid CMS record indicating Medicare eligibility. CorVel will report the results of such query on CareMC for Customer to review. In the event the CMS Query Tool determines any such claim is invalid due to an error or missing information, then Customer shall be responsible for reviewing, researching and correcting such claims data directly on CareMC for resubmission by CorVel through the CMS Query Tool on the next monthly query process transmission; provided, however, if Customer so requests, CorVel will provide such research regarding Medicare eligibility at an additional hourly rate and such research shall include claimant's name, social security number, date of birth, gender and any other required data field.
- (d) Once it is determined through the CMS Query Tool that a claimant is Medicare eligible, CorVel will commence the transmission of mandatory quarterly electronic claims reporting of those claimants to the Coordination of Benefits Contractor ("COBC") on Customer's behalf within the specific 7-day reporting period assigned to Customer by CMS. A copy of the initial report shall also be posted by CorVel on CareMC for Customer to review. The COBC will confirm either acceptance of the Medicare eligible claims thus reported or return any files for which data is missing or incorrect. CorVel shall post on CareMC any error reports from the COBC showing such files containing missing or incorrect data for Customer to research and correct directly on CareMC. Once corrected, CorVel will resubmit such files to the COBC during the next quarterly reporting file.

This document contains confidential and proprietary information of the Parties and may not be disclosed or duplicated without the prior written consent of the Parties.

- (e) CorVel, as Customer's designated Medicare Agent, will continue to electronically transmit to the COBC on a quarterly basis all new and updated claims identified through the CMS Query Tool as Customer's Medicare eligible claims.
- (f) CorVel, as Customer's designated Medicare Agent, will also electronically transmit to the COBC any monetary settlement data received from Customer on Customer's Medicare eligible claims.
- (g) CorVel shall provide Customer quarterly activity reports within twenty (20) business days following the applicable quarter.

III. LIMITATION OF LIABILITY REGARDING MEDICARE AGENT SERVICES

In order to assist Customer, as a Responsible Reporting Entity ("RRE"), in complying with the mandatory quarterly electronic reporting requirements issued by the Centers for Medicare/Medicaid Services ("CMS") under the Medicare/Medicaid and S-CHIP Extension Act of 2007, Section 111 (the "Act") regarding certain injured parties who are Medicare Beneficiaries, CorVel agrees to provide Medicare Agent services as described in Schedule 2 attached hereto subject to the provisions of the final regulations to be issued by CMS, including information relating to such claimant, and the establishment and maintenance of an electronic data interface with CMS's computer system to the extent required by law and within the time period required by CMS so as to avoid the incurrence of penalties and fines ("RRE Reporting Obligations").

- (a) In order for Customer to meet its RRE Reporting Obligations, Customer shall promptly review the results of the CMS Query Tool, research any errors or missing data and resubmit such corrected or missing data promptly to CorVel within the applicable timeframes so that CorVel can timely report such corrected or missing data to CMS.
- (b) In the event that information supplied by Customer to CorVel is incorrect, incomplete or untimely delivered and prevents CorVel from completing a timely transmission to CMS as required under the Act, or leads to errors in transmissions to CMS, Customer shall be solely responsible for promptly resubmitting corrected data to CorVel, and CorVel will not be liable for any damages, fines, penalties or other amounts to the extent arising from such incorrect, incomplete or untimely delivered information. CorVel shall promptly notify Customer via a posting on CareMC if CorVel receives notice from CMS that a transmission submitted by CorVel on behalf of Customer as an RRE contains incorrect, incomplete or untimely delivered information. If CorVel fails to provide such posted notice on CareMC and Customer incurs damages, fines or other penalties that would not have been incurred but for such failure of CorVel to provide such posted notice on CareMC, CorVel shall remain liable for such damages, fines or penalties. Customer shall release CorVel from any and all penalties or other fines imposed by CMS and its related governmental agencies, in the event information supplied by Customer to CorVel is incorrect, incomplete or untimely delivered and prevents CorVel from submitting a report to CMS or leads to errors in submissions to CMS. Subject to the foregoing, CorVel shall be liable for penalties and other fines resulting solely from CorVel's failure to properly and timely transmit complete and accurate Medicare Beneficiary information on behalf of Customer in accordance with its RRE Reporting Obligations as described above.

Schedule 12

Connected Care Services

Terms and Conditions

I. DESCRIPTION OF SERVICES.

- (a) CorVel acknowledges there is a subset of patients in the system that do not improve despite extensive diagnostic testing and numerous treatments. CorVel knows these relatively fewer cases drive a disproportionate amount of costs. Interestingly, these “creeping catastrophic” claims often present as a simple strain or sprain injury or diffuse spinal pain. There is ample data to suggest that bio-psychosocial factors can amplify, sustain or mitigate a patient’s perception of disability in these cases. CorVel shall use clinical modeling to identify those patients at risk for delayed recovery and apply an interdisciplinary bio-psychosocial approach to their care.
- (b) CorVel offers a variety of interventions that are recommended depending on the severity and chronicity of the claim. They can be utilized separately or integrated in a more comprehensive management plan again depending on claim severity and patient characteristics.

II. DELIVERY OF SERVICES.

Medication Review:

- CorVel’s contracted physician will evaluate the medical necessity of each currently used or prescribed medication.
- CorVel’s contracted physician will recommend elimination of duplicative medications.
- CorVel’s contracted physician will determine and recommend medications that may replace and be equally or more effective than one or a group of currently used/prescribed medications.
- CorVel’s contracted physician will recommend medications that are pharmacologically similar to currently used or prescribed medications when available at a lower cost (same or similar class, less cost, generic when available).
- CorVel’s contracted physician will attempt Peer to Peer contact by calling the PTP.
- CorVel’s contracted physician will provide the customer a written agreement from the prescribing physician (if agreement is reached) for alternate treatment plan.
- On cases where agreement is not met between CorVel and the PTP a written report will be generated and sent to the customer that includes a written summary of all activity that will include recommendations, rationales and potential savings identification made by CorVel’s contracted physician.
- Allowances will be made for the attending physician to bill for their time spent on the teleconference at the applicable fee schedule.

Wellness Program:

Cases can be initially referred to a network of cognitive behavioral therapists who function to help the patient/claimant improve their pain coping skills, change their perception of disability and decrease fear-avoidance behaviors that are often a significant barrier for RTW. This can be an isolated intervention, although it is typically utilized in combination with CareIQ or as one facet of the Physician Case Management program.

This document contains confidential and proprietary information of the Parties and may not be disclosed or duplicated without the prior written consent of the Parties.

Physician Case Management:

This program includes Medication Management and is the most comprehensive as it often includes Wellness and CareIQ. Our Physician Case Management Reviewers were all selected individually. They all share a common interest in the promotion of evidence-based medication and the prevention of medically unnecessary disability. Our physicians will review the patient records, generate opinions on factors contributing to the delay in recovery and come up with recommendations for care. The initial recommendations are discussed at a team conference (Wellness, CareIQ, case coordinators, claims examiners, etc.). Each team member, particularly specialty providers are expected to contribute during this round table discussion. The scope of the Physician Case Management Program is somewhat broader and focuses on the big picture of functional recovery. The goal is improved overall medical/ disability management via appropriate bio-psychosocial care using an interdisciplinary model.

Customer further agrees that it shall notify CorVel immediately in writing if the security or integrity of a password has been compromised. CorVel will provide reasonable cooperation to Customer in the event of a security breach. Such support will include but not be limited to suspending service for passwords whose security or integrity has been violated. Passwords may be changed at any time by Authorized Users, and must be changed at least once every ninety (90) days.

E. Customer Data.
